As part of our Client's initiative to create a Community of Practice (COP) within groups of Project Management and Change Management, Vertere showed support by sponsoring two (2) sessions for both groups conducted by Mr. Joey Mallari from Crossworks Training and Consulting Corporation. The first one was held last February 4, 2022, with the topic "Project Cost Management" attended by the PM community.

The 2nd sponsored training session was conducted last April 20, 2022, with the topic "Analytical and Strategic Thinking" attended by the Change Management COP Alliance.
